

Fibs

Fibs

Tell
fibs
and find
other truths
hidden in six lines,
revealing surprising insights.

Writing Fibs

-1-

Revising

Can
I
re-write
verse to fibs
and not tell a lie?
Revision possible or not?

-2-

I
am
arrow
piercing life
heading to new points.
sprung from my bow's trajectory.

Plastic Mothballs

Life
saved
for spring,
lightbulb-white
litter bags mothball
roadside, preserving pick-up spots.

At Too Many Meetings

Coughs
clutch
the air
and whispers
vibrate stagnant sounds
from podiums as toes stab socks.

Legs
clap
thighs, arms
cross dueling
swords, while marbled eyes,
habit smiles and unshook hands wait.

Chaired
for
silence,
boxed-down brains
rarely stand up. My
hungry tongue a buttered knife.

Slice
the
table
talk, idle
coated words. Request
portion for the unserved waiting.

Fibbing

Fibs
have
six lines.
Syllables
add two previous
numbers: 1-1-2-3-5-8.

Fibs: Syllable Count: 1-1-2-3-5-8 etc.
The sequence adds adjacent numbers.
1+1=2., 2+1=3, 3+2= 5 , 5+3=8 etc.
Can be flush left, right or centered.
Can be in sequences: duos, trios,
quatros, patterned on the page into
wings and diamonds. Reversed. Fibs
are very versatile.
