The End Will Come

End in fire, ice
drowning or will be all-thrice
or will just one death method suffice?
 Doomsday.

comes-- climate changes, poles shift, earthquake, melting polar caps,
solar flares, asteroid strikes, war, societal collapse,
an alien invasion, nuclear blast,
 virus,

smothering polluted air chokes us,
our world floods, fries or smokes us.
no hocus-pocus
 we're done.
