

## Con-Verse

### Recycling Christmas

Gift wrap crunches on the floor.  
Boxes pile up adding more.

Plastic coverings to remove.  
Untied ribbons now get a shove.

English crackers explode with a joke  
and paper crowns for us common folk.

Candy wrappers, cookie crumbs become orts.  
Large gift bags to store goodies of all sorts.

All these contents and containers need re-use  
or recycling or they are only refuse.
