

Golda

Nor'easter

Storms chill
Northeast.
Snow bogs travel.
Cold.
Cabin fever
prevails.

Find some
ways
to warm
internally
as outside fierce
wind wails.

But He Made the Three-Pointer

James twists
ankle
in basketball.
Sprained.
Needs a stiff brace.
So sore.

He has
games
to play
limping with brace
adding to strain
once more.

Three weeks
in brace
moving with pain
he
is determined
to play.

Healing
slow.
He tries
exercises.
Soreness won't go
away.

Golda Invented by Golda Walker
