

Nonce

9/11 12th Anniversary 9/11/13

Last night Obama addressed the stressed nation.
Syria's chemical abomination
has lead to almost world-wide condemnation.
Since 9/11 we have warred with terrorists.
Distrust of Muslims and Middle East persists.
No more war! American people resists
more bloodshed, battles, intervention, more dead.
UN needs to use diplomacy instead.
When terrorists attacked the whole world bled.

We went to Iraq with misleading facts.
We are left with Syria's horrific acts.
How many memorials, war's artifacts?
