### Segregated Students 1960s

Busing southern students on separate buses.  
Near Army base they await bus.  
watch other races on buses pass.  
On Washington army base all students  
integrate, but my brightest black student  
faced segregated colleges like Jewish quotas.

### Segregated Students 1950s

Holocaust survivors children top of class  
mustn't associate with Christians after school.  
Catholics mustn't date Protestants or Jews.

Jews faced quotas at top colleges.
