Gun Control

Ban bullets for an assault gun.
No lethal bullets if shooting for fun.
The gun fight has begun.

Gun in the house, does it protect?
What victims will it select?
Will the gun owner pause to reflect?

Mentally ill get guns. Tell me why?
Criminal minds get guns. Tell me why?
Terrorists get guns. Tell me why?

If the world nears an end
and you buy guns for survival
who would want to live then?
Rather be dead with end's arrival.
