

Alouette

Future Possibilities

Time travel, wormholes
computer loopholes
new dimensional highway–
robots take command
take us by the hand
pass-through a cosmic pathway?

Brain chip for controls?
One theory extolls
discoveries underway
to meet the demand
for somewhere to land–
places beyond Milky Way?

Time-worm protocols
and rigmaroles
creating some more delay.
With no reprimand
we could understand
chances we will have to stay.

One-stanza Alouette

Fourth Dimensional Blueprint

The fourth DNA
golden strand says: Hey!
contact higher self and heal,
create mental weave.
Spirit will conceive
blueprint in your pineal.

Alouette: Created by Jan Turner.
2 or more stanzas of six lines each.
Syllable Count: 5-5-7-5-5-7
Rhyme Scheme: a-a-b-c-c-b

Alouette means “skylark” in French. This form has a musical quality.
Alouette can also mean a children’s song usually sung in a group.
This form can be for children or not. Short line style.
Preference for the meter accent to be on the 3rd syllable of each line.
My example did not turn out that musical.
