

## Cadae Trio

On a Puget Sound Ferry

Fast ferry  
glides  
on Puget Sound.  
How  
does it carry all?

Inside— cars  
trucks  
many people  
tucked  
in its metal ribs.

Rainier  
peers  
from a distance—  
glows  
in setting sunset.

**Cadae Trio:** A single Cadae comes from the numbers of pi: 3-1-4-1-5.  
This example is putting three Cadae in a sequence of three. You can go on for any  
number of stanzas. The syllable count for a trio is: 3-1-4-1-5 3-1-4-1-5 3-1-4-1-5

### Making Poems Count

Cadae like  
Fibs  
use math, numbers,  
count  
to make poem count.

Grandchildren  
count  
with grandparents  
love  
is uncountable.

### Cadae Duo
