

Eight by Six Couplets

Just Dance

I'm grooving, doing some hip-hop
In 40's I did the be-bop
the swim, the frog, the bump then plop
I sweat so much I had to mop.
I do my best to hop and prance.
I'll try jitterbug for next dance.

Eight by Six Couplets: This example is six lines with eight syllables per line. The couplets are a-a-a-a-b-b. You can invent your own number of couplets and the rhyme pattern. You can adjust the syllable count per line.
