

Rimas Dissolutas

Engineering Earthlings

- a Adam and Eve and other fertile pairs
 - b created Earthlings with moist encounters.
 - c Others believe E.T.'s seeded stardust descendants
 - d Creation myths propose mud and clay--
 - e sweat from giant armpits,
 - f cracked cosmic eggs,
 - g to evoke yolky folks.
-
- a Star stuff? Mud pie? Thought forms from air?
 - b Holograms became dense? Celestial discounters,
 - c DNA spirals, eggs and sperm ascendant.
 - d Multiple theories birthed along the way.
 - e Are we some galactic misfits?
 - f Some universal dregs?
 - g Our cosmic license revokes?

Rimas Dissolutas: French. Lines any length. Any number of lines in a stanza. Lines within the stanza do not rhyme. But the lines in the following stanzas do rhyme the first stanza. Add syllable count of your choice if you want.
