

Senryu

diets sometimes work
calories for survival
but not any more

are people evil
with devil not angel thoughts
or good for the Earth

light-bringers beam
bright messages and actions
hope for dark planet

Senryu: Similar to Haiku but the theme is human nature not nature. Syllable counts vary in modern Haiku and Senryu from the traditional 5-7-5 syllable count. Some Haiku and Senryu do not use capitalization or punctuation. They are not titled. If you put them in a related series you could title the series.
