

## Tanaga in Sequence

Obama Addresses Students

-1-

Some students start school today.  
Today is 9/9/09-yeah!  
Obama spoke yesterday.  
Parents had to give okay.

-2-

Parents analytical  
sometimes are too cynical  
others are too critical  
monger fears political.

-3-

So children starting school year  
on the ninth don't have to fear  
getting parent's bending ear.  
Maybe tape will make coast clear.
