

## Trolann

### Pyramidal Purpose

Pyramids found around the world.  
Perhaps they are beacons to the stars?  
Past civilizations unfurled?  
Pleiades, Sirius or Mars?

Yearning to know our history-  
Yesterday's geopower generators?  
Yonder crystalline cosmic trigger discovery?  
You'll find multidimensional accelerators?

Everyone puzzles about 2012 amid  
Equinox theories and harmonic frequency paradigm.  
Excavations continue at Bosnian pyramid.  
Elsewhere perfected pyramids aline.

Very soon pyramidal secrets revealed?  
Vortex centers could globally guide the way?  
Various sacred geometry sites once concealed  
vital to us if we want to stay?
