Multiple Personalities

I am living fourteen lives, I'm told
in multiple dimensions.
Seeker of stars, go way beyond Mars
for my universal extensions.

How can I cope with my many lives?
Do I get a glimpse, dreaming?
Go way beyond Mars, seeker of Stars
to where my essences are scheming?

What about another universe?
Then can I communicate?
Seeker of stars, go way beyond Mars
and still not ever authenticate?

One life is enough to handle thanks.
So universe please be kind.
Go way beyond Mars, seeker of stars.
I'm not sure what me-version I'd find.
