

Zany Zig Zag Five

Directions for Traveling

Car goes east to store
zig-zags west back home.
Then heads south for more
errands. Car will roam
north for our garage.

Zany Zig Zag Five: Created by Pat Simpson aka Patricia Ann Farnsworth-Simpson. Cannot be aligned center. Left or right they must be placed in a zig-zag fashion. The content must be about moving mentioning zig zag in content and it must be rhymed. Since five is mentioned in name it might be five-rhymed lines. Does not mention syllable count, but could use five syllables I guess.
